Why we love it:

Swanky is a girl's best friend ... and a stage designer's dream. We think that modular pieces allowing you to swag, drag, and swing in time with the music is the way to go. We love glitter and gold - don't you?

Famous Friends:

Our Rat Pack razzle dazzle collection has bejeweled John Legend's stage. Speaking of "get-up-and-go," the GoGo's found plenty of it with our mylar stage backdrops.

Most Compatible With:

Accessorize to taste - but try seasoning with some Rockin Red or bling up some Delightably White Velours.

Accolades:

"Looks frickin' awesome! The drape was perfect and is exactly why I use you guys."
